NAME_____G00_____ENTRY TERM_____

Human Development Minor

Steven Kirsh, Coordinator (Bailey Hall 139)

The purpose of this minor is to provide a better understanding of human development for students interested in occupations providing services for children and adults. To this end, courses have been included to facilitate understanding of the psychological, social, and biological contexts of development. Although the focus is on normative development, courses also deal with individual variations in development and with abnormal development.

Total Required Hours: 24

Revised 06/2014

Additional Requirements:

1. Six hours of electives must be taken at the 300-level.
2. Electives must be taken from at least two different departments.
3. At least twelve semester hours of coursework must be unique to this minor, not overlapping with a major or another minor.

NOTE: Some of the courses listed above are not offered every semester. When planning coursework, Human Development minors should consult the departments offering the courses for information on course rotations.
