DIRECTORS WELCOME

I am pleased to welcome you to SUNY Geneseo and its Access Opportunity Programs (AOP). As you know, the AOP department consists of the Educational Opportunity Program (EOP) and the Transitional Opportunity Program (TOP). The summer program staff, which consists of college professionals and current AOP students, is eager to work with and mentor you.

During your summer program, you will have the opportunity to develop relationships with Geneseo faculty and staff, as well as acquire information about matters that can impact your life as a student. Other summer program activities include placement testing to ensure proper course selection, academic skill development, academic advisement and course registration for the fall term. The AOP professional staff and the summer program student staff will be available to provide personal assistance with any concerns you might have.

This booklet will provide you with an overview of the AOP Summer Program. You will receive more detailed instructions from AOP Program staff once you arrive on campus. Please read this booklet carefully and feel free to phone the AOP department if you have any questions. Again, welcome and we are looking forward to sharing the higher education experience with you.

By the end of the summer program, you will (1) be registered for the fall, (2) have a good introduction to AOP and to college life and services at Geneseo, (3) know other members of the Class of 2016, and (4) gain confidence about starting college in the fall.

Please Note: This is a residential summer program. Participants will not be permitted to go home, use their personal cars, or ride in guest vehicles until the conclusion of the program (unless accompanied by a parent or legal guardian). Also, guests are not allowed in the residential quarters of the hall nor are they allowed to stay overnight.

ADDITIONAL BENEFITS

- Individual academic counseling and advisement provided by your AOP advisor
- Small group discussions with peers
- Opportunities to meet fellow students

ACADEMIC ADVISEMENT
