Department Presentations
Day 2: 9:00-9:45am

Students and families may attend the department meetings together or separately.

If you have not declared a major, but think you would like to attend a particular department meeting, feel free to choose an area that interests you. Students who are "undeclared" also have the option of attending the *Deciding on a Major* session.

Students seeking certification to teach grades 7-12 should attend the meetings for their major, rather than the School of Education meeting.

Department or Area	**Room**
