## SUNY Geneseo Summer Faculty Fellowships

(Rev. 08/12/13)

The spirit of Geneseo's Summer Faculty Fellowships is to encourage and support the research, scholarship, performance, and other creative activities of the faculty, which in many disciplines, may lead to the development of proposals and applications for external grants and fellowships to continue their work.

- Presidential Summer Faculty Fellowships provide new faculty with an opportunity to participate in creative activities or to establish an ongoing research program. It is expected that the result of this fellowship work will form the basis, in many disciplines, for a larger project for which external funds are eventually sought. Tenure-track faculty employed five or fewer years at the College, and who are returning for the following year, are eligible. are eligible to apply. Prior recipients of this award are not eligible. The awards of \$3,500 can be used for a stipend and/or support. Recipients who submit a grant proposal to an external agency or foundation, within one year of the fellowship period, will receive an additional support allocation of \$500.
- Geneseo Foundation Summer Faculty Fellowships and the Roemer Summer Faculty Fellowship support the research, scholarship, and creative projects of Geneseo faculty who are tenured. These fellowships are intended to enable completion of a significant project or to embark in a new direction. It is expected that the scholarly progress of this work, in some disciplines, will lead to proposals seeking external funding. Faculty members become eligible for the Geneseo Foundation Summer Faculty Fellowship and Roemer Summer Faculty Fellowship if they have been awarded tenure (i.e. they have received formal notification from the President). Five years must elapse (application to application) before previous summer fellowship recipients are eligible.

Note: Applications for both the Geneseo Foundation Summer Faculty Fellowships and the Roemer Summer Faculty Fellowship will be considered in the same pool. The highest-ranked application will be awarded the Roemer Summer Faculty Fellowship (\$5,000). Geneseo Foundation Summer Faculty Fellowships (\$4,000 each) will be awarded to the next-highest ranked applications. Awards may be used for a stipend and/or support.

All summer fellowship recipients must devote a minimum of two consecutive months of full time effort, during the Summer of 2014, to their fellowship project. Only those faculty members returning for the following academic year are eligible. Recipients who elect to use the award as a stipend are ineligible for summer teaching, other paid College activities, and salary/stipends from other grants during this period.

A final report must be submitted promptly after completion of the project or publication of the results.

Please submit the <u>original signed application only</u> to the Office of Sponsored Reserch, Erwin 205.

The deadline for all fellowship applications is January 17, 2014.

## Application for a SUNY Geneseo Summer Faculty Fellowship

(Rev. 08/12/13)
