Program: ___ Early Childhood ___ Childhood ___ Childhood w/SpEd

 ___ Adolescence / _____ (Subject Area)

Overall GPA: _____ Major GPA: _____

Graduation Date: _____

Please indicate your interest in any of the following out-of-area student teaching sites by checking the box preceding the site name. You may select **one** site only.

Hauppauge, Long Island

New York City

Western New York (limited to Niagara Falls area and parts of western Erie County)

Placement in any out-of-area site will require the recommendation of SOE faculty. The Office of Field Experiences will make the inquiries of the instructors. Positive participation evaluations and a minimum overall GPA of 3.0 as well as a minimum GPA of 3.0 in the major are also required. This will aid in determining if you are likely to be successful without the additional support of on-campus faculty and visits from Office of Field Experience personnel and if you have both pedagogical and content-area competence.

Out-of-area placements in any satellite may be limited by number of candidates, certification area, and availability of Geneseo-trained supervision.

Please attach a brief essay of no more than one page describing why you are interested in an out-of-area placement, what you believe you would gain from this placement, and why you believe you would be successful in this setting.
