## Women's and Gender Studies

## Melanie Blood, Coordinator (Welles Hall 217A)

The Women's Studies minor at SUNY Geneseo focuses on women and gender using multi-disciplinary and interdisciplinary approaches. It includes feminist analyses of the construction and enforcement of gender differences and gender inequalities in various contexts, with an emphasis on the intersection of gender with race, class, sexuality, and nationality in the lives of women. Students are encouraged to apply what they learn in Women's Studies classrooms to other areas of their lives. All students take a core program of Women's Studies courses plus elective courses offered by other departments that study women and gender issues, using feminist methodologies and pedagogy. Additionally, each student completes a capstone experience individually designed to apply concepts from Women's Studies Advisory Committee is willing to work closely with students to design feasible, individualized study, especially when students' study abroad or other academic requirements make it impossible for them to take one of these courses.

Total Required Hours		21-22 semester hours		
Basic Requirement:		12
