

Celebrating 50 Years of Sig Tau!

Everybody has their favorite Sig Tau story, you know the one that begins with something like, "the time we a few of us were thrown out of . . ." or even, "I wanted to pledge Sig Tau . . ." Or more likely, "#*!%! I woke up one morning and couldn't remember . . ."

It could be funny or not, short or like most Sig Tau stories long winded - whatever it is send it in to us and we'll try to include it in our special Anniversary Edition of "Sig Tau 50 Years- 50 Stories!" We want to be able to represent each of the decades and make it something that all the brothers can relate to and enjoy.

So take a few minutes to write down your favorite Sig Tau memory and email it to:
