

To Those who Attended Cirque Sublime:

As the coordinators of the Limelight & Accents Performing Arts Series, we would like to extend a formal apology to those attendees of October 23rd's performance of Cirque Sublime who were affected by poor sight lines. As programmers on Activities Commission, the student programming board, we are continually learning and growing from our experiences planning and implementing a performing arts series.

The Limelight & Accents Coordinator position is unique in that it is a student position rather than one of a professional staff member like at other universities. Through this arrangement, SUNY Geneseo creates a one-of-a-kind opportunity for students to learn and grow while contributing to the broader Geneseo community. We sincerely hope that you will continue to think of Limelight & Accents as a quality performing arts series as we are committed to bringing first-rate performances to the campus and surrounding community.

Refunds are available for those who were not satisfied with their seating for the show. To receive a refund, please contact the Student Association Ticket Office at 585-245-5873 or 1-800-525-2070. You may also email them at ticketoffice@geneseo.edu.

Again, we apologize for the poor sight lines at Cirque Sublime and assure you that we have learned from this experience.

Sincerely,

Kellie O'Keefe *Lindsey Hebell*
