Accessing Articles

- If the full text article is available in the database you are searching, click on the title of the article title (or the  PDF or “full text” link).
- If the article is not available click the **Get Text** button

STEP 1: If the article isn't available online, click [Check GLOCAT for other formats in our Library](#) to see if the library has a print copy. (These are shelved alphabetically by journal title on the LOWER level).

STEP 2: If the article is not owned by Milne, click [Request Item through Information Delivery Services \(IDS\)](#) to borrow the item from another library.

If you have any questions, ask the librarian at the reference desk.
