

**What is *Nu Rho Psi*?** *Nu Rho Psi* is the National Honor Society in Neuroscience, founded in 2006 by the Faculty for Undergraduate Neuroscience and now an independent honor society. We are a non-profit, grass-roots organization<sup>1</sup> comprised of neuroscientists, like you. Currently, charters have been awarded to [over 75 chapters](#) as of January 2018, in all regions of the United States. **SUNY Geneseo is the newest chapter in 2021!** The purpose of *Nu Rho Psi* is to: (1) encourage professional interest

and excellence in scholarship, particularly in Neuroscience; (2) award recognition to students who have achieved such excellence in scholarship; (3) advance the discipline of Neuroscience; (4) encourage intellectual and social interaction between students, faculty, and professionals in Neuroscience and related fields; (5) promote career development in Neuroscience and related fields; (6) increase public awareness of Neuroscience and its benefits for the individual and society; and, (7) encourage service to the community.

**Who may join?** Membership is open to undergraduate and graduate students from any major who are making the study of Neuroscience one of their interests and who meet the other academic qualifications. *Nu Rho Psi* is also open to qualifying faculty and alumni of Neuroscience programs. Requirements for membership include:

- Completion of at least 45 overall credit hours and at least 15 credits in neuroscience-related courses\*
- Overall GPA of at least 3.5 and GPA of at least 3.5 in neuroscience-related courses\*

\*Neuroscience-related courses are 200/300 level courses in the neuroscience major curriculum

Students with a distinguished record related to interdisciplinary neuroscience may also petition the chapter for membership. Students and faculty are elected to membership by the chapter at participating institutions, according to the provisions in the national *Nu Rho Psi* Constitution and locally adopted By-Laws. Any chapter, at its discretion, may establish higher academic standards for eligibility, but may not require lower standards for eligibility. Membership in *Nu Rho Psi* is open to qualified candidates regardless of age, sex, sexual orientation, race handicap or disability, color, religion, or national or ethnic origin.

**What are the benefits of membership?** *Nu Rho Psi* membership provides recognition of verified academic excellence in the interdisciplinary field of Neuroscience. Students who become members of *Nu Rho Psi* are selected based on their superior scholarly accomplishments as well as their interest and experience in research. *Nu Rho Psi* membership is for life and it is often a springboard for networking and research collaboration. *Nu Rho Psi* chapters at our Colleges and Universities provide a structure for our member's professional development and a co-curricular educational focus on the study of the nervous system. *Nu Rho Psi* sponsors and participates in both regional and national meetings where young neuroscientists from around the country gather to share scientific findings. *Nu Rho Psi* offers competitive travel awards for members to attend and present their research at the annual Society for Neuroscience meeting. *Nu Rho Psi* also offers competitive research grants to facilitate our member's senior theses or other scholarly projects. Our chapters may apply for *Nu Rho Psi* grants to promote their educational and community initiatives. We mentor our members through publications (e.g. *The Nu Rho Psi Guide to Graduate School in Neuroscience*) and provide support to foster other outreach activities of the Society. News and additional information about benefits are available to members via the *Nu Rho Psi* Newsletter. Members receive membership certificates and lapel pins as an indication of the honor they have earned.

**What is the cost?** Membership in *Nu Rho Psi* is for life and the one-time induction fee (\$40.00 for students; \$50.00 for faculty) is the only payment to the National organization.
