

**Preparing to Transfer to
SUNY Geneseo's Sociomedical Sciences Major**

Thanks for your interest in transferring to Geneseo! Please contact the Sociomedical Sciences major coordinator (Melanie Medeiros, medeiros@geneseo.edu) with any questions about the major. Questions about Transfer Admissions can be directed to Justine Rumbel (jrumbel@geneseo.edu, 585-245-5571).

Please note that a maximum of 90 semester hours from another college (and only 60 of which can be from a 2-year institution) may be applied toward the baccalaureate degree requirements at Geneseo.

Students who have completed an Associate's degree will have satisfied all of Geneseo's General Education requirements. For questions on how your courses will transfer to fulfill General Education requirements if you haven't completed your Associate's degree, contact Geneseo's Dean of Academic Planning and Advising (DAPA) office (DAPA@geneseo.edu).

Note that General Education requirements are not listed here, only requirements for the Sociomedical Sciences major are listed below.

In the right hand column is a list of courses typically offered at all 2-year and 4-year colleges. There may be additional courses offered at your previous college that will transfer over to the major; consult with the Dean of Academic Planning's office or email the coordinator of the Sociomedical Sciences major to find out which courses will transfer towards the major.

Foundation Courses

(Take all 4 courses)

Geneseo Sociomedical Sciences Major Required Course	Equivalent Course at Your College
