- Class sessions for this final week will be determined by the “DAY & TIME” printed in the Master Schedule of Course Offerings. **Classes scheduled at times outside of the standard timeblocks above should use the exam time which contains the beginning time of the initial weekly meeting of the class.**
- Late afternoon and evening classes which normally begin at 4:30 pm or later will hold exams during an evening time slot according to the schedule above.
- Since the final exam schedule is determined by regular class meeting times, students should—insofar as possible—avoid enrolling in class sections, including late afternoon and evening classes, which meet at times which would cause them to have three or four examinations on the same day.
- Graduate students should check with their major department regarding exam schedules.
- All final exam schedule exceptions must be approved in advance of the final exam period by the Associate Provost for Assessment and Curriculum.
