Tuberculosis (TB) is still a worldwide health problem. In consideration of public health on campus and in the community, TB Screening is **required for ALL incoming students**. *The student should complete screening online (MYHEALTH.geneseo.edu).* ANY Yes responses to questions 1-8, will require the student to provide proof of skin or blood test results in the past 6 months. *Please READ CAREFULLY to determine if a skin or blood test is appropriate for you.* **SUNY Geneseo is unable to provide any orders regarding this TB testing.** The students' provider is responsible for placing any/all testing or lab orders.

### Student TB Screening

<input type="checkbox"/> Yes	<input type="checkbox"/> No	<b>Do NOT get a PPD/skin test, you will need a Tuberculosis Blood Test laboratory report (IGRA), if:</b> <ul style="list-style-type: none"><li>• you were born in or have visited a country of high TB prevalence</li><li>• received a BCG vaccine</li><li>• had a positive skin test result</li></ul>
<input type="checkbox"/> Yes	<input type="checkbox"/> No	1. Were you born in one of the countries or territories listed below that have a high incidence of active TB disease? If yes, CIRCLE the countries on the back page*.
<input type="checkbox"/> Yes	<input type="checkbox"/> No	2. Have you been a resident in or traveled to one or more of the countries or territories listed below for a period of one to three months or more? If yes, CIRCLE the countries, listed on back page*.
<input type="checkbox"/> Yes	<input type="checkbox"/> No	3. Has the patient ever had the BCG vaccine? (This is not a typical vaccine given in the USA.)
<input type="checkbox"/> Yes	<input type="checkbox"/> No	4. Have you ever had close contact with persons known or suspected to have active TB disease?
<input type="checkbox"/> Yes	<input type="checkbox"/> No	5. Have you been a resident and/or employee of high-risk congregate settings (e.g., correctional facilities, long-term care facilities, and homeless shelters)?
<input type="checkbox"/> Yes	<input type="checkbox"/> No	6. Have you been a volunteer or health-care worker who served clients who are at increased risk for active TB disease?
<input type="checkbox"/> Yes	<input type="checkbox"/> No	7. Have you ever been a member of any of the following groups that may have an increased incidence of latent M. tuberculosis infection or active TB disease: medically underserved, low-income, abuse drugs or alcohol?
