

FINANCE MINOR

The Finance minor is only open to students who have been admitted to the School of Business as a full Accounting, Economics, or Business Administration major. Pre-majors and majors outside the School of Business may not declare a Finance minor.

The Finance minor is designed to prepare students for careers in investment services, banking and corporate finance. The curriculum in the minor, when combined with the degree in Business Administration, Accounting, or Economics provides most of the content needed for the CFA Level One Exam. In addition to the coursework, students should get involved with the Student Managed Investment Fund (SMIF) which provides invaluable hands-on investment and portfolio management experience guided by faculty and professionals.

Finance Minor Curriculum 21 credits

Required Courses 15 Credits

FNCE 311 Managerial Finance (3) Prerequisites: ACCT 103, ECON 205. Junior standing
