

## ***About the Discovery Cafe***

### **Mission Statement:**

The Discovery Cafe supports the betterment of society by using trust-building events to facilitate mutually engaging connections between scientists, researchers, and Western New Yorkers.

### **Guiding Principles:**

The Discovery Cafe embraces the following values in its commitment to the betterment of society:

- **Community**; fostering a positive bond between groups of individuals to support progress towards common goals;
- **Diversity**; reaching out to a broad audience while creating an environment of respect for difference;
- **Sustainability**; acknowledging the need for and taking steps to adopt sustainable practices;
- **Transparency**; disseminating knowledge about, and encouraging the critical analysis of, publically-funded research.
