SPECIFIC GUIDELINES for POSTER PRESENTATIONS

- SIZE: The standard poster size is 36” high by 42” wide. Posters will be clipped onto a foam core board that measures 36” high by 50” wide and displayed on an easel. Clips will be provided. The standard poster size is preferred as space is limited for larger format posters. If your poster is not the standard size, please indicate overall size on the submission form so that alternative arrangements can be made to have it displayed. Large posters may be displayed on the walls of the ballroom, using Velcro, which will be provided.
- SET UP/TAKE DOWN: Students mount their own posters on Tuesday, April 16 (1:00 – 6:00 pm) and take them down after assigned poster session. Any poster not in place by 8:30 am on GREAT Day will not be accepted.
- LOCATION: Poster presentations will take place in the MacVittie College Union, posters are required to be in place for all poster sessions.
- TIMES: There will be at least two sessions dedicated to viewing posters.
- SPECIAL NEEDS: On the submission form please indicate special services needed for your poster display such as video equipment, display tables, extra-large spaces, or electrical, etc.
- POSTER PRINTING & FEES: Posters must be submitted to the Duplicating Center for Printing by April 2 at 4:30 pm. No posters will be accepted after the deadline. GREAT Day will support up to $20 per poster for printing costs. (The cost for a standard size 36 x 42 inch poster on heavyweight paper is $24). If your poster has already been printed, please check the appropriate box on the submission form.

PREPARING YOUR TITLE and ABSTRACT/BRIEF DESCRIPTION

- Titles of presentations and performances are limited to 200 characters.
- Abstract/Brief Description is limited to 200 words. Abstract should include the major points of poster. Because there is a 200 word limit, each sentence should convey important information. While your presentation may be a technical report, please remember that you are addressing a general, but educated, audience. Specific terms should be defined and explained.
- The online-form will accept standard ASCII characters only (#$%&*()_+~`^=+[\]"<>). If your title or abstract/short description requires any special characters, please insert the name of the character in < > (example <delta>).
- Please be sure to proof your abstract as it will be included in the program as submitted.
