Source: Human Resources data extracted by CIT program; Employees divided according to primary job responsibility. Part time faculty count does NOT include full time administrators teaching academic courses therefore it does not match part time faculty count totals in other tables. **It is also important to note that 3 people are being classified as full time faculty, when their roles during the current Fall semester were not teaching roles, but remain listed as faculty (will not reflect in the previous fact book runs). Please note, The Presidents' staff is included in the total, but not included in any other area (full time n= 16, part time n=4). This includes Communication and Marketing now falls under the President's office. Please note that three part time faculty members are being included in professional staff in this table.
