The Student Right-to-Know and Campus Security Act was signed into law in November of 1990. Title II of this act was amended and renamed in 1998 as the Jeanne Clery Disclosure of Campus Security Policy and Campus Statistics Act. This law mandates that educational institutions receiving federal funds must disseminate crime statistics for certain serious offenses which occur on campus and in adjacent areas for the current and previous two calendar years. The purpose of this report is to provide current and prospective students, faculty and staff with campus safety information including crime statistics and procedures to follow when reporting a crime. This document was compiled by the Chief of University Police after consultation with the Dean of Students, the Village of Geneseo Police Department, the Livingston County Sheriff’s Office and New York State Police. The College will not retaliate or allow any retaliation toward a person(s) who reports alleged violations of this act.

CAMPUS SECURITY REPORT

I. General Security Procedures

Safety, Security & the University Police Department

Law enforcement services, including criminal investigations, are provided by the University Police Department which has a force of sworn police officers with full arrest powers. University Police meet the highest standards in New York State for law enforcement. Officers patrol the campus including residence halls 24/7/365 using vehicles, bicycles, and foot patrol. The department’s mission is to provide a safe environment and protect the lives and property of students, employees, and visitors, within the framework established by the State University of New York rules and regulations, and all local, state, and federal laws.

A daily log of campus crime is available for public view at the University Police Department or online at: geneseo.edu/police.

The Crime Log includes the date an incident was reported to the police, date and time the crime occurred, nature of the crime, general location of occurrence, and disposition of the complaint. Information may be withheld from the log only if there is clear and convincing evidence that the release of information would jeopardize an on-going investigation or the safety of an individual, cause a suspect to flee or evade detection, or result in the destruction of evidence.

The University Police Department also works closely with the Geneseo Village Police, Livingston County Sheriff’s Office and the New York State Police to assist with incidents that occur off-campus but may involve campus students or staff. The Campus Security Act requires all public, private, and community colleges and universities in New York to have a formal plan that provides for the investigation of missing students and violent felony offenses on campus. This includes written agreements between college authorities and law enforcement agencies having concurrent jurisdiction. The University Police Department at SUNY Geneseo has a Memoranda of Understanding with the Geneseo Village Police Department and the Livingston County Sheriff’s Office in the event that a violent felony or a missing student is reported to campus authorities. Should such a report be received, the University Police Department would request assistance from these law enforcement agencies and would conduct a complete investigation.

Reporting Crimes

All members of the campus community are urged to report criminal incidents, emergencies and suspicious activity. The University Police Department is located at Schrader Hall, Room 19. The campus emergency telephone number is (585)-245-5222. All fire, medical, and police emergencies should be reported using this number or by dialing 911. University Police may also be reached by using the campus emergency blue light phones or the residence hall door phones which have a “red” University Police emergency button. University Police Officers will be dispatched immediately to the scene.
Reporting Locations

Federal law requires that campuses report specific criminal activities that occur on campus property and specific areas around those properties. However, crimes occur in the community beyond what is required for reporting in this document. Students are advised to exercise caution in ALL areas both on- and off-campus.

On Campus: includes the main campus property and buildings.
Non Campus: includes property owned by student organizations officially recognized by the institution and those owned by the University outside campus boundaries.
Public Property: includes thoroughfares, streets, sidewalks, parking facilities, and public park or park-like settings immediately adjacent to and accessible from the campus (refer to map later in this document).

Map of Clery Reporting Jurisdiction

This map does not include non-campus properties.

Missing Persons

Missing persons should be reported directly to the University Police Department. Do not wait if you believe a student is missing. Federal law states that the College is required to provide missing person notification to: 1) local police agencies pursuant to any Memoranda of Understanding; 2) the student’s designated contact person if provided; and 3) parents of students under 18 years of age. Once notified, the police will immediately conduct an initial investigation, and if after a reasonable period of time (not more than 24 hours) a student has not been located, will proceed with the required notifications. The sooner the investigation begins, the better chance of locating a missing person. Students are encouraged to identify a person who college personnel should contact in the event they are determined to be “missing”. This information will be kept with each student’s record and utilized if necessary.
**General Security Procedures**

**Crime Prevention**

During annual student awareness programs and hall meetings, students are informed of safety programs such as: the campus shuttle bus program; the blue light emergency telephone system; Operation ID; and emergency notification procedures. Guests must be escorted while inside residence halls. Students and employees should notify the University Police Department or Residence Life staff of any person who does not appear to have legitimate business in a building or on campus grounds. Books and other personal property should be secured when left unattended. Bicycles and cars should be locked and parked in well-lighted areas and valuables removed.

**Care Team**

The purpose of this Team is to share information and recommend timely and effective response plans for intervening with students who have been identified as being at-risk to themselves or others. The Care Team meets throughout the fall and spring semesters to ensure that there is a forum for discussing student-related behavioral concerns that leads to coordinated institutional action. More information regarding the Care Team may be obtained by contacting the Student Care Service office at (585) 245-5023.

**Personal Safety Committee**

This committee reviews issues of safety and security for the campus and makes recommendations to ensure a safe and secure environment. In addition to addressing any specific assignments by the College President, the committee also coordinates the annual campus safety walk.

The Personal Safety Committee makes a written report to the College President on its findings and recommendations at least once each academic year. This report is available online at: geneseo.edu/safety.

**Emergency Response**

The College’s leadership is trained in assessing emergency situations, appropriately responding to said emergencies, and initiating necessary communication with those immediately impacted by the event and the greater campus community.

The Chief of the University Police Department, in consultation with the Vice President for Student and Campus Life, is responsible for determining the level of an incident. In the absence of the Chief, the Assistant Chief, Inspector, Lieutenants, or the Officer-in-Charge, respectively, will make the appropriate determinations. If there was a serious, immediate threat to the health and safety of the campus community, the emergency response protocol appropriate to the situation would be enacted without delay. This can include community notification through activation of NY Alert, large screen messaging, and the SUNY Geneseo home page. Notification to the greater campus community is coordinated between the University Police Department and the College Communications Office pursuant to policies and agreements with local law enforcement agencies and media outlets.

Subsequent to the emergency response and for other non-imminent serious incidents, a “Campus Crime Alert” or “Timely Warning Bulletin” may be prepared and distributed via campus e-mail, posted at building main entrances, displayed on the SUNY Geneseo and/or the University Police websites, and projected on electronic messaging monitors located in both Erwin Hall and the MacVittie College Union. Standard notification procedures may be altered if emergency response authorities determine it would compromise efforts to assist a victim or contain, respond to or otherwise mitigate the emergency.

Please note that SUNY Geneseo tests its entire emergency notification system and fire alarms on a regular basis throughout the year. Pursuant to its procedures, fire drills are not announced, and testing of the other emergency systems may be announced or unannounced. For more information on the emergency notification system visit: nyalert.geneseo.edu.
Emergency and Evacuation Procedures

Responding to Widespread Emergencies
All faculty, staff, and students are expected to familiarize themselves with the evacuation plan for the buildings in which they occupy, including the designated areas to assemble after evacuating the building. Evacuation signs are posted in the hallways at the entrance to every building. The College trains personnel in emergency preparedness, but it is essential that residential students also know what to do in case of an extraordinary event such as a fire, wide-spread power outage, extreme weather event, toxic spill, or a violent person on campus. Below are the basics of emergency preparedness:

Fire & Evacuation
If you observe a fire, pull the nearest fire alarm and head to the nearest safe exit. All fires must be reported to University Police by calling 911 or (585) 245-5222. If you hear a fire alarm (or are roused by a fire alarm strobe), leave the building immediately by using the nearest safe exit, regardless if you believe that the alarm is a drill or false alarm. While you should not hesitate, in most cases it is okay to stop and grab your shoes and coat. Meet in your designated assembly area away from the residence hall and wait for a university police officer to declare that it is safe to return to the building. During inclement weather, move to your secondary designated assembly area (this is often a dining hall—Residence Life staff will let you know at your first hall meeting) and wait for further directions.

Extraordinary Emergency Events
Residential students are notified of extraordinary emergency events, which may require shelter-in-place or lockdown, through a number of means. A NY Alert message will be sent to the cell phone of those who have signed up for this service (we recommend that all students and staff sign up for NY Alert). In some events, a special webpage will replace the College’s normal webpage. This special webpage will provide directions regarding the emergency. “Big Voice” an audio notification system is activated by the university police and broadcast to the community through loud speakers. Campus closed-circuit monitors, such as those in the MacVittie Union or Milne Library, will provide emergency information.

If a fire has made it unsafe to return to your building, Residence Life staff will immediately begin work on finding students alternative shelter. In such a case, we want to make sure everyone is accounted for, so if you wish to leave the area, make sure you check in with the staff set up for the emergency response.

Shelter-in-Place
Shelter-in-place events occur when it is unsafe for people to be exposed to the elements or the atmosphere such as during a tornado warning or if there were a chemical spill on the roadway. Shelter-in-place means to take shelter wherever you are. In the residence halls, people should seek secure, interior spaces away from windows (locking windows to secure them, if possible). If people come to seek shelter, you should let them in.

Lockdown
On a college campus, the term “lockdown” means something different from what it might mean for a K-12 school, where the buildings and rooms can literally be completely locked. A lockdown situation might happen on a multi-building college campus. For example, if a violent person showed up with a weapon, University Police, as well as law enforcement officers from the surrounding community, would respond immediately to the threat.

University Police will call for buildings to go into a “lockdown” mode during emergencies when people need to secure themselves from a threatening person, such as a person wielding a gun, bomb, explosives, or other weapon. During a lockdown in a residence hall, residents should go to rooms that lock securely, preferably with few windows and some means of communication. Because most lounges in residence halls do not lock, residents will not be able to gather in one place. Because all residents’ rooms have windows, they should make sure that their windows as well as doors are locked and that they keep away from the windows. Lockdowns are distinguished from shelter-in-place events in that once locked in, residents should not unlock their doors for anyone until they receive word from University Police that the event has concluded. For this reason, it is essential that all roommates carry their keys and ID cards with them at all times.

Important note for lockdowns:
If a fire alarm sounds during a lockdown, occupants should not exit the building unless they clearly perceive threatening fire or smoke. Pulling a fire alarm during a lockdown could be a ruse by an active shooter to gain access to a building or to lure people out of safe spaces.

Your Safety is Primary
Regardless of drills and preparations, emergency situations will always have an element of chaos. Your cooperation with anyone who is organizing an emergency response will help keep everyone safe. While it is important that we all watch out for each other, you should never jeopardize your own safety in an attempt to assist others. Make sure you are safe and ask what you can do to help.
Campus Security Authorities

Campus Security Authorities (CSA) are individuals or organizations that have significant responsibility for student and campus activities. The CSA are responsible for reporting any Clery Act crime information they receive to the college. CSA needs to report these crimes to the University Police as soon as possible and without delay. CSA do not need to disclose a victim name or other identifying features when sharing a Clery reportable incident to the college. Descriptions of incidents are reported to the University Police Department for data collection purposes. Campus personnel assist victims with the on and off-campus reporting process and provide support.

The offices below will accept reports of criminal behavior in a voluntary, respectful manner. Victims and witnesses are encouraged to report such matters immediately.

II. Life on Campus

Student Life

SUNY Geneseo’s residence halls are locked 24-hours a day. Using a card access system, residential students may gain entry to exterior doors. When necessary, this system allows University Police to track individuals’ access to halls. Residents can access all residence halls during the day, from 7:30 a.m. until 7:30 p.m., but only their own residence halls between 7:30 p.m. and 7:30 a.m. A “guest” is anyone who is not a resident of a particular hall. All guests must be accompanied by a host, who is a resident of that hall, at all times. Student room locks may be electronic, mechanical, or brass key. No matter which type of locking device is utilized, it is essential that students lock their rooms and suites routinely. Full time, live-in residence directors and area coordinators supervise students and facilities in each residence hall, and are responsible for residents’ well being. In addition, undergraduate resident advisors, who are trained in emergency preparedness and fire safety, watch over residence halls through nightly rounds and frequent interactions with residents. During emergencies, RAs contact University Police and the RD on duty. For all serious events, such as the hospitalization of a student, the RD on duty will make appropriate notifications that may ultimately reach the Dean of Students.

Facility Access

University Police Department staff conduct vehicle, foot and bicycle patrols to help protect the community and campus facilities. Except for residence halls, most campus facilities are open to the public during the day and evening hours when classes are in session. The general public is welcome to attend cultural and recreational events on campus. During non-operational hours, college buildings are locked and only faculty, staff and students with proper authorization are admitted. Campus employees with assigned offices are issued keys and are responsible for reporting missing and stolen keys.

Facility Maintenance

The Facilities Services Department inspects campus facilities and completes repairs of any safety and security hazards. Facility related problems can be reported to the Facilities Services Department, Monday through Friday, 8:00 a.m. to 4:15 p.m., at (585) 245-5661, after normal business hours to (585) 245-5656, or to the University Police Department’s administrative number at (585) 245-5651.

Campus Events

The mission of the Office of Scheduling, Events & Conference Services is to provide professional planning support and information for every event on campus resulting in efficient space management and successful campus events. This single campus clearing-house for all events will provide knowledgeable support and coordination so that every event will become a successful, positive reflection of the College. In 2015, SUNY Geneseo UPD became the 8th SUNY Police Department to achieve accreditation from the New York State Department of Criminal Justice Services.

Law enforcement accreditation is a method and ongoing process that recognizes police departments in compliance with national "best practices" in policing, covering all aspects of law enforcement policies, procedures, and operations.

Accreditation ensures that the SUNY Geneseo UPD meets the highest standards of professionalism.
Alcohol and Other Drugs

Illegal possession and/or use of marijuana, barbiturates, amphetamines, hallucinogenic compounds, narcotics and other controlled substances are violations of state and federal laws and college policy. SUNY Geneseo permits the use of alcoholic beverages on campus by those who comply with state law and who adhere to the guidelines established by the College. Students living in residence halls who are at least 21 years old are allowed to possess and consume alcoholic beverages in their rooms in compliance with college regulations. Students should be aware that the campus strictly enforces its policies with regard to alcohol and other drug violations. Members of the campus community in need of assistance with a question or personal problem related to alcohol or other drugs should contact Health and Counseling at Lauderdale. A complete description of alcohol and other drug policies and support services appears in the campus publication “Geneseo Update” which is available online at: geneseo.edu/handbook.

In 2014, a Hate Crime of simple assault involving gender occurred on Public Property.

In 2015, there were no hate crimes.

Sexual Offender Registration Act

This act requires the NYS Division of Criminal Justice Services (DCJS) to maintain a Sex Offender Registry. The registry contains information on sex offenders classified according to their risk of re-offending as follows:

- Level 1 (low risk)
- Level 2 (moderate risk)
- Level 3 (high risk)

The DCJS Sex Offender Registry contains a subdirectory of Level 3 sex offenders as well as other information pertaining to this act.

In New York State, registered sex offenders are required to notify DCJS of any institution of higher education at which he or she is, or expects to be, whether for compensation or not, enrolled, attending or employed, and whether such sex offender resides or expects to reside in a facility operated by the institution. Changes in status at the institution of higher education must also be reported to DCJS no later than ten (10) days after such change.
IV. Sexual Assault & Other Violence Against Women Act (VAWA) Crimes

Sexual Assault Victim Options

If you are a SUNY Geneseo student or employee, and you believe that you are the victim of a sexual assault, you may choose one or more of the below actions:

1. Report the incident to and pursue criminal charges through a law enforcement agency.
   Upon reviewing the facts of your case, a law enforcement agency may arrest the accused. Thereafter, the District Attorney may decide to prosecute the matter. If so, you may be required to testify. Once criminal charges are initiated, you cannot withdraw charges without the consent of the District Attorney’s Office.

2. Report the incident to the Office of Student Conduct & Community Standards.
   If the accused is a student of the college community, and you want the matter handled internally through the College’s conduct system, you may choose to report the incident to the Office of Student Conduct and Community Standards. If the accused is found accountable, the College will take action in accordance with its Student Code of Conduct policies and procedures.

3. File a Title IX grievance.
   Because sexual assault is considered to be a severe form of sexual harassment, you may wish to file a sexual harassment grievance with the College’s Title IX Coordinator. This person is responsible for ensuring a non-discriminatory campus environment that is free from harassment. The Title IX Coordinator will undertake an investigation that may involve taking statements from you, the accused, and pertinent witnesses. Adrienne Collier, is your staff Title IX Coordinator in Doty Hall, Room 302 C and Tamara H. Kenney, is your Title IX Coordinator for students in Sturges Hall, room 208D

4. Report the incident but not pursue further actions.
   You may report the incident to one or more of the above entities but choose not to proceed further. However, an anonymous report about the incident (date, time, location) will be shared with the Office of Student Conduct and Community Standards, Title IX Coordinator, and University Police to ensure accurate sexual assault records are maintained. In an effort to prevent similar incidents from occurring, the College may take all reasonable steps to investigate and respond to the complaint consistent with your request. Please be aware that a request to remain anonymous may limit the College’s ability to take action on your report.

Sexual Assault & Assistance for Victims

Specifically, SUNY Geneseo strictly prohibits the offenses of domestic violence, dating violence, sexual assault, and stalking. Victims of sexual assault should immediately report the incident to University Police (ext. 5222) if the incident occurred on-campus, or to the appropriate law enforcement agency, through 911, if the assault occurred off-campus.

Follow Up Medical Care:
Victims may need tests for sexually transmitted diseases and pregnancy. This care is critically important.

Support and Referral Resources:
Regardless of where a sexual assault occurred, victims should contact at least one of the campus security authorities (listed previously).

In addition to any criminal implications, sexual assault is prohibited conduct as specified in the SUNY Geneseo Student Code of Conduct. The Sexual Misconduct Policy may be found at: geneseo.edu/handbook/policies_procedures

Hospital Emergency Room:
Sexual assault victims should be treated as soon as possible by medical personnel. Victims should not wash, change clothing or otherwise “clean up.” Evidence can be collected several hours after an attack, but its value may be diminished. Victims should bring a full change of clothes as those worn during the assault may be kept as evidence.
Procedures for survivors of domestic violence, dating violence, sexual assault, or stalking

Survivors/victims of these crimes will be provided written information about evidence preservation, how and to whom to report these crimes, options about involvement of law enforcement and campus authorities, and assistance in notifying law enforcement if the victim chooses, as well as the option to decline to notify authorities. Victims will also be provided information in writing about rights and institutional responsibilities regarding no contact orders, orders of protection, or other available applicable options.

Conduct procedures in cases of domestic violence, dating violence, sexual assault, and stalking

SUNY Geneseo will notify a victim that they will change a victim’s academic and living situation after an alleged sex offense if those changes are requested by the victim and are reasonably available. The institutional disciplinary procedures will provide a fair, prompt, and impartial process from investigation to final result. The investigation and any hearing will be conducted by those who receive annual training on issues related to VAWA crimes, how to conduct an investigation, and a hearing process that protects victim safety and promotes accountability.

Parties are entitled to the same opportunities to have an advisor of their choice present at any hearing and related meetings. There is no limit to the choice of an advisor; however, the parties are responsible for presenting evidence on their own behalf. Advisors may speak privately to their advisee during the proceeding, and cannot present evidence or cross-question witnesses. Parties will be informed simultaneously in writing of the outcome of the process, the availability of any appeal procedures, and when the results become final after any appeals; this does not constitute a violation of the Family Educational Rights and Privacy Act (FERPA). The outcome of a conduct proceeding is the college’s final determination with respect to the alleged sex offense.

Code of Conduct processes available for victims of domestic violence, dating violence, sexual assault, and stalking are:

1. Any member of the College community may file a complaint against any student for misconduct. A complaint shall be prepared in writing and directed to the Dean of Students or his/her designee. Any complaint should be submitted as soon as possible and no later than six months after the event takes place. The Dean of Students may waive the six-month limitation when a late submission is reasonable.

2. The Dean of Students or his/her designee may conduct an investigation to determine if the charges have merit and/or they can be disposed of administratively by mutual consent of all parties involved, including the Conduct Administrator. Such disposition shall be final and there shall be no subsequent proceedings.

3. The Dean of Students or his/her designee will review the results of the investigation to determine the severity of the charges. A case will then be designated as Level I or Level II based on the severity of the charges and/or conduct history. Level I cases are those in which the resultant action is expected to be less than suspension and are adjudicated by a Student Conduct Administrator. Level II cases are more severe cases where suspension or dismissal from the College is a possible outcome. A Student Conduct Board hears Level II cases.

4. All charges shall be presented to the accused student in written form within five (5) business days of receipt of a written complaint. The written charges will outline the specific rule(s), regulation(s), or law(s) violated. Written notice also includes a brief description of the incident and, when possible, the date, time, and location where the alleged infraction occurred, and direct students to a copy of the Conduct Procedures. Maximum time limits for notification may be extended at the discretion of the Dean of Students. For Level I cases, a review shall be scheduled in not fewer than 24 hours and not more than ten (10) business days after the student has been notified. For Level II cases, a review shall be scheduled in not fewer than five (5) business days and not more than ten (10) business days after the student has been notified. Maximum time limits for scheduling of a review may be extended at the discretion of the Dean of Students.

5. In Level II cases, the complainant and the accused student are given the opportunity to meet with the Dean of Students or his/her designee prior to the convening of the Sexual Misconduct Board to discuss the board procedures.
Disciplinary processes available for victims of domestic violence, dating violence, sexual assault, and stalking continued...

6. The College allows students accused of violating the Student Code of Conduct, and complainants in sexual assault cases, to have the benefit of counsel or a conduct advisor at all Level II conduct proceedings and in those cases where a student is facing coexistent criminal and intramural charges stemming from the same incident. Counsel or the conduct advisor’s role shall be passive and it is limited to advising the student as to whether the student should or should not answer questions. Counsel or the conduct advisor is not allowed to question members of the conduct board or witnesses, or conduct a traditional defense. Should counsel or the conduct advisor attempt to participate beyond this defined role, the chairperson and procedural officer may disqualify counsel or the conduct advisor from further participation in the proceeding and direct his/her removal from the room.

7. Conduct proceedings shall be conducted by a conduct body according to the following guidelines:

   a. Proceedings shall be conducted in private.
   b. In Level I proceedings, persons in attendance shall be limited to the accused student and the conduct administrator.
   c. In Level II proceedings, persons in attendance shall be limited to the complainant, the accused student, the conduct board, witnesses (for the duration of their statement), and counsel (or and/or the conduct advisor as described above. In Level II cases only, participants may also include the complainant (or a representative of the College if the College is the complainant), and counsel or conduct advisor of both the accused student and the complainant.
   d. The complainant and the accused shall have the privilege of presenting witnesses, subject to the right of questioning by the conduct board, the complainant, and the accused. Any question asked by the complainant or the accused to a witness, the accused, or the complainant must be directed to the chairperson of the Conduct Board, who will then ask the question. This method is used to preserve the educational tone of the review and to avoid creation of an adversarial environment. Questions of whether potential information will be received shall be resolved in the discretion of the chairperson of the Student Conduct Board.
   e. Pertinent records, exhibits, and written statements may be accepted as evidence for consideration by a conduct board at the discretion of the chairperson or conduct administrator.
   f. All procedural questions are subject to the final decision of the chairperson of the conduct board or the conduct administrator.
   g. At the conclusion of the review, the conduct board or conduct administrator shall determine (by majority vote if the conduct body consists of more than one person) whether the student has violated each section of the Student Code of Conduct, which the student is charged with violating.
   h. The conduct body’s determination shall be made on the basis of whether it is more likely than not that the accused student violated the Student Code of Conduct (preponderance of evidence).
   i. Upon determination of whether the accused student has violated any section of the Student Code of Conduct, which the student is charged with violating, a written notice of outcome will be sent to the student. In cases involving sexual violence, both the accused and the complainant will be informed in writing of the outcome, essential findings, and sanctions within 10 business days of the review. Maximum time limits for notification may be extended at the discretion of the Dean of Students.
   j. In cases involving more than one student, the conduct body will hear each case separately. For issues of group misconduct refer to the procedures outlined in “Conduct Procedures for Recognized Student Groups.”
   k. A member of a conduct body who is unable to be impartial shall disqualify him/herself. If the accused student challenges the impartiality of a conduct board member, a final determination as to the ability to serve on the conduct board will be made by the Dean of Students or his/her designee.

8. There shall be a single verbatim recording made of all Level II (Student Conduct Board) proceedings. Deliberations shall not be recorded. This recording shall be the property of the College.

9. If an accused student, with notice, does not appear before a Student Conduct Board, the information in support of the charges shall be presented and considered even if the accused student is not present. No student may be found to have violated the Student Code of Conduct solely because the student failed to appear before a conduct body.

10. The Student Conduct Board, for good cause, may accommodate concerns for the personal safety, well-being, and/or fears of confrontation of the complainant, accused student, and/or other witness during the review by providing separate facilities, by using a visual screen, and/or permitting participation by telephone, videotape, or other means, where and as determined by the Dean of Students or his/her designee.

11. A student charged with any violation of this Student Code of Conduct may choose to waive, in writing, any of the rights and/or procedures provided to him/her under the Student Code of Conduct. When a student waives his or her right to a conduct procedure, the conduct body will be convened to review the case and determine appropriate sanctions. The decisions of the body will be binding, pending the normal appeal process

From the SUNY Geneseo Handbook

SUNY Geneseo will, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the report on the results on any conduct proceeding against a student who is the alleged perpetrator of such a crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin may obtain these results.

Sanctions for VAWA Crimes

Following a final determination of an institutional disciplinary procedure for cases of dating violence, domestic violence, or stalking, the following sanctions or protective measures may be imposed: Written Warning, Conduct Probation, Deferred Suspension, College Suspension, Loss of Privileges, Restitution, Discretionary Sanctions, Deferred Removal from College Residence Halls, Residence Hall Suspension, Residence Hall Dismissal, Withholding a degree, Revocation of admission or degree, Conditional Discharge, College Dismissal (expulsion). ## Residence Halls—Fire Safety

The safety of everyone who resides in campus residence halls is of paramount importance. Ensuring fire safety is a shared responsibility borne to those who either live within or visit residence halls. The following will highlight important policies which have been established to reduce the opportunity for fire to occur.

For everyone’s safety, cooking is not permitted in any bedroom. Residents have access to at least one community kitchen in each hall.

### The following small electrical appliances are permitted for use in residential facilities:
- approved refrigerator (less than 2.0 amps at 120 volts AC/3.6 cubic feet), including approved micro-fridge units;

<td>Electric holiday lights and open flames such as candles and incense are prohibited in all residential spaces.</td>
<td>Only UL-approved, electrical, polarized, grounded power strips with fuses (or circuit breakers) are permitted. The maximum fused amperage of such devices must not exceed 15 amps. Residents must never “daisy chain” power strips together. Refrigerators must be plugged directly into a wall outlet and not into a power strip.</td>

Fire Safety Education and Training

Fire safety education programs for all students living in on-campus student housing and all employees that have any association with on-campus student housing are held at the beginning of each semester.

These programs are designed to: familiarize everyone with the fire safety system in each housing facility, train everyone on the procedures to be followed in case there is a fire and communicate information on the College’s fire safety policies. During these programs, trainers emphasize that participating in fire drills is mandatory. Students with disabilities who self-disclose are given the opportunity to discuss evacuation options with Residence Life or Disability Services staff members.

Fire safety education programs for students are taught by Residence Life staff. Fire safety programs for Residence Life and other staff members are taught by the Environmental Health and Safety Office, local fire authorities or the NYS Office of Fire Prevention and Control.

Staff and students are instructed to pull the nearest fire alarm as they are leaving the building if they can do so without risking their safety. Residence Life staff receive hands-on fire extinguisher training each year but are not expected to fight fires.

Room Audits

The Offices of Environmental Health & Safety and Residence Life perform residence hall health and safety (H&S) inspections once each year to check compliance with the Fire Code of NYS. A written report is provided to Residence Life staff. Student rooms are also checked by Residence Life staff at all breaks/holidays. Inspections are announced at least 24 hours in advance. The H&S inspections are primarily designed to find and eliminate safety violations. Students are required to read and comply with the Residential License, which includes the H&S inspections and all other rules and regulations for residential buildings. The inspections include but are not limited to a visual examination of electrical cords, combustible build up, sprinkler heads, smoke detectors, fire extinguishers, housekeeping and other life safety systems.

In addition, each room will be examined for the presence of prohibited items (e.g., sources of open flames such as candles, extension cords, halogen lamps, portable cooking appliances in non-kitchen areas, etc.) or prohibited activity (e.g., smoking in the room, tampering with life safety equipment, possession of pets, etc.). This inspection will also include a general assessment of food and waste storage and cleanliness of the room. Students found with prohibited items will receive further instruction on how to remedy the violation.

The Office of Environmental Health & Safety maintains a log for all fires reported in residence halls for the current calendar year. This log is available for public viewing at Clark A, Room 118 or by calling 585-245-5512.

On-Campus Housing Fire Safety Systems

All sixteen residence halls, including the Saratoga townhouses, have fire alarm monitoring by campus police, a full sprinkler system (sprinklers in both common areas and individual areas), smoke detection, fire extinguishing devices and plans for emergency evacuation. Four unannounced fire drills are held per year (2 per semester), in each residence hall.

Additional information on fire safety and evacuation is also available online at: www.geneseo.edu/ehs &Geneseo.edu/residencelife/residential-emergency-preparedness
