2. Syringes and other sharp objects must be placed in a rigid container for disposal. These items should never be placed in a plastic trash bag, which could result in the object penetrating the container, resulting in the possibility of a puncture wound to another individual. Personal use syringes (e.g., insulin, medication, etc.) should be placed in a sharps disposal container. Containers are available at the Lauderdale Health Center and in each residence hall.
3. Campus custodial staff may enter suites on a regular basis to clean bathrooms and during break periods to clean rooms, suites, or apartments as needed.

2. After Move-In Days, parents, friends, family, and other helpers who are NOT SUNY Geneseo students will no longer be permitted to enter the residence halls.

Depending on campus metrics (number of COVID-19 cases) the Guest/Visitation Policy will shift to allow more permissions or to remove them.

1. A guest is considered to be any person present who is not assigned to that space. All guests are to be escorted by resident hosts at all times within the residence halls.
2. The right of a resident to reasonably live in privacy supersedes the right of a roommate to entertain guests. Roommates must receive each other's permission before inviting anyone to spend the night in the room.
3. Inappropriate behavior or visitation which infringes on the rights of other residents to have full use of any facility may lead to conduct action and/or removal from residence for the guest as well as the host.

 - v. In considering whether a ESA poses a direct threat to the health or safety of others, Geneseo will make an individualized assessment, based on reasonable judgment, current medical knowledge, or the best available objective evidence, to determine: (1) the nature, duration, and severity of the risk; (2) the probability that the potential injury will actually occur; and (3) whether reasonable modifications of policies, practices, procedures, or the provision of auxiliary aids or services, will mitigate the risk. The College President shall name a designee who shall provide a written statement of explanation to any person with a disability if a determination is made that the presence of that person's Service or Emotional Support Animal would fundamentally alter the nature of a program, service, or activity.

- vi. In the event that restriction or removal of an animal is determined to be necessary, the person with a disability will still be given the opportunity to participate in the service, program, or activity without having the assistance animal present.
- vii. The above provisions on restrictions and exclusions are not intended to cover modifications to reasonable accommodations. The reasonable accommodation process and modifications to reasonable accommodations are covered under Geneseo's policy on Accessing Services.
