

October 25th, 2023

Dear UUP Siblings,

I am pleased to endorse the State Employees Federated Appeal (SEFA) campaign at SUNY Geneseo and ask all our members to consider making a pledge to support a participating SEFA charity. This year, the College is aspiring to reach a campaign goal of \$35,000. By making a pledge, you will support charities that make a significant impact in local, regional, and national communities.

These donations (which Geneseo employees have supported generously in the past) have a direct impact on the communities we live in and on the lives of people throughout the region. The donations often flow back to benefit our members and their loved ones, and represent a way that our institution as a whole can build stronger community ties and move our corner of the world in a positive direction.

SEFA allows state employees to support these community services through a payroll pledge. You can designate the specific community agencies that will receive your donation, and these donations will be a boon to the members of our communities. If you have not taken advantage of this campaign in the past, please consider doing so this year if your circumstances allow.

Solidarity,

Alan Witt, Geneseo UUP Chapter President
