## **Comments on the 2020-21 Annual Report of the Office of Sponsored Research**

**Traditional Funding Activities:** In 2020-21 we reached \$3,512,964 for total awards, which was the result of 14 awards to 16 faculty PIs and co-PIs in 9 academic departments and 4 Offices and Centers. This is the 3rd highest dollar amount of annual awards in the last 20 years. During the 2020-21 year 24 faculty and staff members submitted 23 proposals totaling \$5,768,419 in requests. Total grant expenditures for our 37 active projects reached \$2,119,371; \$183,933 through State accounts and \$1,935,438 through the Research Foundation for SUNY—a new record for us.

In the State of New York-funded programs, Milne Library received continuing support from the New York State Education Department. In SUNY-funded programs, faculty and staff from the Center for Integrative Learning continued work on a SUNY Expanded Investment and Performance Fund (PIF) award. Health and Counseling held ongoing campus grant support from NY State OASAS. And the Provost's Office had ongoing support for the Computational Analytics Cluster from the SUNY Empire Innovation Fund.

Our Ronald E. McNair Postbaccalaureate Achievement Program award to the Access Opportunity Programs continued this year and the new TRIO Student Support Services (SSS) award to the Provost's Office began this year. A renewal proposal was submitted to the U.S. Department of Justice's Office on Violence Against Women (OVW) from the Title IX Office.

The Center for Integrative Learning received a Northern Border Regional Commission Grant (prime funding source USDA). The Center Community received funding from Walmart Foundation for the RKids Program. Student and Camps Life received new funding from SAMSHA Communities Talk Stipends Program to prevent underage drinking.

The Biology Department received a new award for Supporting Academically Talented STEM Undergraduates with Scholarships and a new award for Research Coordination Networks in Undergraduate Biology Education (RCN-UBE), both from the National Science Foundation (NSF), as well as ongoing research support from the National Institute of Allergy and Infectious Diseases and the Livingston County Planning Department. Faculty in the Department of Chemistry received continuing support for two NSF awards. The first, which has a co-PI in the Department of Political Science and International Relations, is an ADVANCE: Organizational Change for Gender Equity in STEM Academic Professions award, and the second is an Improving Undergraduate Science Education (IUSE) award.

The School of Education was again very active in 2020-21. Awards from the United Way, the Rochester Area Community Foundation's (RACF) Feinbloom Supporting Foundation, and the Greater Rochester Summer Learning Association supported the Soaring Stars program. Education faculty also received two NEA Foundation awards last year that were active this year and a continuing funding from the Rochester City School District in support of our partnership with the Dr. Charles T. Lunsford School 19 on its School Improvement Grant.

Faculty members in the Geography Department had continuing NSF research support. The Department of Geological Sciences had continuing support from NASA directly and a NASA subaward through SUNY Stony Brook; it also had continued NSF support for the GEOS S-STEM scholarship program. Faculty in the History Department had active support from the National Heritage Trust in collaboration with the NYS Parks Division of Historic Preservation; a new fellowship award from the American Councils on International Education; and another new award from the Rochester Area Community Foundation. The Music Department had ongoing Council on Library and Information Resources support.

The Department of Physics and Astronomy had continuing support from: the U.S. Department of Energy through the University of Rochester's Laboratory for Laser Energetics; the NSF Robert Noyce Teacher Scholarship Program; NSF astronomy research in collaboration with the University of Indiana; the American Physical Society for an outreach program at Letchworth State Park; and NASA through Cornell University's Space Grant.

In addition to the NSF ADVANCE award noted above, the Political Science and International Relations Department also received another Jack Miller Center award to continue the Forum on Constitutionalism and Democracy.

The Psychology Department continued research supported by two Academic Research Enhancement (AREA) awards from the National Institute on Drug Abuse and the National Institute of Neurological Disorders and Stroke and a National Institute on Alcohol Abuse and Alcoholism (NIAAA) subaward from the University at Buffalo.

During 2020-21 we continued our relationship with McAllister & Quinn (M&Q), whose staff members worked with us on proposals submitted to: the NSF Robert Noyce Teacher Scholarship Program; the NSF Research Coordination Networks in Undergraduate Biology Education (RCN-UBE) Program; the NSF Faculty Early Career Development (CAREER) Program; the National Endowment for the Humanities American Rescue Program; and a renewal submission for our DOJ Office on Violence Against Women Campus Grant.

**Internal Funding:** In collaboration with the Geneseo Foundation, the Research Foundation for SUNY, and the Offices of Accounting and Grants Management, the Research Council reviewed applications from faculty members and students that resulted in 252 individual awards with a total value of \$153,673. Total internal funding for our formal grant and fellowship programs, combined with other planned expenditures in support of research and scholarly activities, amounted to \$192,044.

**GREAT DayS:** Due to the COVID-19 pandemic, Geneseo's 15<sup>th</sup> annual GREAT Day was a virtual event held over a period of five days. GREAT DayS was administered by the Director of the Center for Integrative Learning (CIL) Lytton Smith, in collaboration with the Director of Sponsored Research Anne Baldwin, Adam Klinges from CIT, Jonathan Grunert from the Milne Library, and Joe Dolce from CIT. The virtual GREAT DayS was an excellent success with 476 students presenting under the mentorship of 111 faculty members. During the weeks of April 26<sup>th</sup> and May 3<sup>rd</sup> there were 1,370 unique visits to the GREAT Day online program and 1,820 visits total. Details on participation can be found under the GREAT Day(s) Highlights (page 25).

**Thanks:** We would like to thank our colleagues Betsy Colón in Grants Management, Sue Crilly and Jeff Nordland in Accounting, and Enrico Johnson in the Provost's Office for their excellent work in support of our mission during the year. We would also like to thank the members of the Research Council, members of the GREAT DayS Faculty Advisory Council and Planning Committee, Jonathan Grunert, Joe Dolce, Adam Klinges, our student workers, Paige Closser, Tarryn Franciosa, Lia Wortsman, Alexis DeRaiche, and our colleague Andrea Klein in Campus Scheduling and Events, all of whom contributed significantly to the success of our various activities this year. We also thank Keith Walters, Campus Photographer, for the beautiful cover image.

## RESEARCH DEVELOPMENT AND SUPPORT PROGRAMS 2020-21

The Research Council offers a wide range of programs to support research development and scholarly and creative activity.

### Programs for Faculty Members

- **Presidential Summer Fellowships** provide untenured faculty with an opportunity to participate in scholarly activities and establish an ongoing research program. Up to six \$3,500 stipends are awarded annually from funds provided by the College.
- **Geneseo Foundation Summer Fellowships and the Roemer Summer Fellowship** support the research and creative projects of faculty who have been awarded tenure. These fellowships are intended to enable completion of a significant project or to embark in a new direction. The \$4,000 Geneseo Foundation Summer Fellowships are funded by the Geneseo Foundation, and the \$5,000 Roemer award is supported by an endowment gift to the Geneseo Foundation from the late Dr. Spencer Roemer.
- **Proposal Writing Support Awards** provide full-time faculty members with time and other forms of support to write proposals requesting at least \$15,000 in funding for submission to external funding agencies. Faculty members may request support for the writing of either: 1) new proposals, or 2) significant revisions of previously submitted proposals. Support will be considered for major proposals in all academic fields and for a variety of initiatives (e.g. fellowships, research grants, or educational grants). The maximum individual award is \$3,750, one course reassignment, or \$2,500 for summer salary. Collaborative submissions are also supported. Funded by the Geneseo Foundation.
- **Research Development Awards** provide support for a wide variety of needs associated with developing research and scholarly projects. Maximum award is \$1,000 or one course reassignment. Funded by the College.
- **Indirect Cost Return Awards** return part of the indirect costs to the project director for research expenses not covered by budgeted costs. Funded by the College.
- **Incentive Grants** are intended to encourage and support faculty initiatives in research and to fund pilot studies, completion of manuscripts, data analyses, bibliographic or archival searches, and creative work. Travel to archives, libraries, and laboratories is also supported. Awards are limited to \$1,000, but faculty may request an additional \$500 to support the cost of involving a student in the proposed project. Funded by the Geneseo Foundation.
- **Faculty Travel Grants** are made to participants in professional meetings. Maximum annual awards are \$800 for travel within the U.S. (excluding Hawaii) and Canada, and \$1,000 for travel to Hawaii or outside the U.S. and Canada. Funded by the Geneseo Foundation.
- **Pre-Tenure Faculty Research Support Awards** were established to assist tenure-track faculty whose research and scholarly work has been impacted by the COVID-19 pandemic. Tenure-track faculty who have not yet submitted their tenure package are eligible for a base amount of \$250, but may request an additional \$250 if needed. Total award amounts are generally limited to \$500, but if program funds remain after two deadlines, then an additional deadline is announced. Funded by the Geneseo Foundation.
- **Page Charge** allocations cover the costs of faculty publications in journals with mandatory page charges. Funded by the College.

Complete guidelines, application forms and additional information on Geneseo's internal funding programs for faculty can be found on the Office of Sponsored Research website:

[http://www.geneseo.edu/sponsored\\_research](http://www.geneseo.edu/sponsored_research)

### Programs for Students

- **Undergraduate Travel, Research, and Creativity (TRAC) Grants** support student research and conference participation in conjunction with a faculty member. Maximum awards are \$600 per student per semester or \$1,800 per group per semester. Funded by the Student Association and the Geneseo Foundation.
- **Graduate Student Research and Travel Grants** support graduate student research and conference participation in conjunction with a faculty member. Maximum awards are \$600 per student per semester. Funded by the College.
- **The Dr. Wendell and Barbara Rhodes Research Award** supports undergraduate student research or field study. Preference is given to scholarly research combining a natural science and a social science such as biology/sociology or geology/ anthropology. The awardee is chosen from among successful Geneseo Foundation Undergraduate Summer Research Fellowship and Geneseo Foundation Research Assistantship applicants. The maximum award is \$600. Funded through the Geneseo Foundation by an endowment established by Dr. Wendell and Barbara Rhodes.
- **Dean Johnston and Geneseo Foundation Student Research Assistantships** provide faculty members with research assistants for their scholarly projects. Undergraduate students receive a stipend of \$1,000. Funded through an endowment established by CPAC, Inc.
- **Undergraduate Summer Fellowships** provide a \$3,000 (full-time) or \$1,000 (part-time) stipend for students to undertake a research or creative project under the direction of a faculty member. Students must devote to their project either two consecutive summer months of effort for full-time awards or approximately 3 weeks (which may be spread across the summer) for part-time awards. Funded by the Geneseo Foundation.
- **Jason and Diana Kyrwood '95 Student/Faculty Research Endowed Fellowship in Honor of Ellen Kintz** provides \$2,500 plus an additional \$500 (\$3,000 total) for a stipend for an undergraduate student to work with a faculty member in the social sciences on an existing research project. Recipients must devote two consecutive summer months to the project. Funded through the Geneseo Foundation by an endowment established by Jason and Diana Kyrwood in honor of emerita faculty member Ellen Kintz.
- **Sorrell Chesin '58 Research Award** provides financial support to recognize students who have successfully undertaken a research experience in the physical and natural sciences and related disciplines under the direction or mentorship of a faculty member in the field of study and to promote this research experience. Funded by an endowment established by Sorrell Chesin '58.

Complete guidelines, application forms and additional information on Geneseo's internal funding programs for students can be found on the Undergraduate Research website:
