The Ronald E. McNair Post-Baccalaureate Achievement Program, funded by the U. S. Department of Education, is designed to provide effective preparation for doctoral study for low-income, first generation, and underrepresented undergraduate students. Effective preparation goes beyond academic and research readiness; it also involves understanding the different opportunities scholars can apply for (i.e. scholarships, fellowships, study abroad, etc.) during or after their undergraduate careers. The McNair program strongly believes that visiting the **Department of Integrative Learning** is an essential service that will aid in the success of our scholars. We thank you in advance for taking the time to work with our scholars. Please reach out to McNair staff with any questions or concerns (mcnair@geneseo.edu).
