

# A New Way to Dine: Your Guide to Dining Changes

This year, we are making dining at SUNY Geneseo even easier! Our on-campus meal plans are moving from a declining balance model to unlimited dining. In addition to unlimited dining, we will be making changes to some of our restaurants and cafés. Continue reading to learn about all of our changes.

## What is Unlimited Dining?

Unlimited dining offers ease and flexibility for every type of student. This unique structure allows you to visit our unlimited dining locations as many times as you please without worrying about budgeting your meal plan throughout the year or running out of money. With unlimited dining, you will never have to worry about running out of money or missing a meal! Unlimited dining supports all types of eating habits and dietary restrictions and will allow you to sample foods you may not have tried otherwise.

## Introducing Retail Dining

Retail dollars can be used at any of our retail locations as well as our vending machines. Our retail dining locations work on a declining balance. Participants can dine at any retail location and the value of their selected items will be debited from their retail dollars. Students can add additional retail dollars to their meal plan anytime they wish using the [online card office](#), by contacting our Business Office at 585.245.5648, or visiting our office at Blake-A 108.

## On-Campus Meal Plans

Our on-campus meal plans follow the unlimited dining structure, which offers ease and flexibility for every type of student. We offer three unlimited dining plans for on-campus students. On-campus meal plan participants will have unlimited access to our three unlimited dining locations. The only difference between each plan is the amount of retail dollars you select.

Each unlimited meal plan also comes with six guest passes per semester so you can treat a friend, family member, or professor to a meal!

## On-Campus Unlimited Dining Meal Plan Pricing

SUNY Geneseo requires all students living on campus to purchase a meal plan. Students may choose from any of the following meal plans.

Plan	Retail Dollars (Per Semester)	Total Price (Per Semester)
<b>Knight750</b>	\$750	\$2,950
<b>Knight500</b>	\$500	\$2,700
<b>Knight250</b>	\$250	\$2,450

## Off-Campus Meal Plans

Off-campus students may select one of five off-campus meal plans or select one of the on-campus unlimited dining meal plans. Our off-campus meal plans work as a declining balance, meaning participants can dine at any location, and the value of their selected items will be debited from their retail dollars. Students who have an off-campus meal plan may dine at any one of our unlimited dining locations but will not be granted unlimited access. Each entry to an unlimited dining location will cost \$11.50, which will be deducted from the meal plan upon entry.

## Off-Campus Meal Plan Pricing

Off-campus students may choose from any of the meal plans below or select any of our on-campus meal plans. Price listed is per semester.

Plan	Total Price (Per Semester)
<b>Supreme</b>	\$750
<b>Premium</b>	\$500
<b>Basic</b>	\$375
<b>Express</b>	\$250
<b>Trial</b>	\$150

## Changes to Your Meal Plan

Your meal plan is automatically included on your college tuition bill for all students living on campus. Returning students will automatically be enrolled in the Knight250 plan. Students living off-campus who have previously enrolled in a meal plan will see your meal plan automatically added to your tuition bill.

If you wish to upgrade or make a change to your meal plan, please visit the [Student Accounts](#) website for instructions, contact the Student Accounts Office at 585.245.5621, or visit the Student Accounts office at 103 Erwin Hall. Off-campus students wishing to decrease or remove their meal plan may do so within the first two weeks of classes by contacting the CAS Business Office located in Blake-A 108 or calling 585.245.5648.

## Meal Plan Rollover Changes

Now you can rollover all of your remaining retail dollars from fall to spring semester! Our meal plans are bound by specific tax laws because they are tax-exempt. Meal plans are not refundable and are for the immediate personal consumption to whom the meal plan is issued. Meal plans do not roll over from year to year; however, retail dollars will roll over from the fall to spring semester. Retail dollars can only roll from the fall to spring semester if you have a meal plan again in the spring semester. Any money left on the plan at the end of the school year is forfeited.
