Comments on the Annual Report of the Office of Sponsored Research

Traditional Funding Activities: In 2015-16 we reached \$1,636,047 for total awards. This is the third highest amount in one year since the year 2000. The 2015-16 total was the result of 24 awards to 28 faculty and staff members in 13 departments and offices. During the 2015-16 year a record 45 faculty and staff members submitted 64 proposals (previous high number of faculty and staff submitting proposals was 41 in 2005-06) totaling over \$12,600,000 in requests. Total grant expenditures for our 47 active projects was \$1,489,237; \$1,355,397 through the Research Foundation for SUNY and \$133,840 through State accounts.

In the State of New York-funded programs, staff from the Office of Administration & Finance and the Office of Sustainability had an active NY Prize NYSERDA award. Milne Library received an award from the New York State Education Department. In SUNY-funded programs, a faculty member from History had an active SUNY Arts and Humanities Network of Excellence award; and a faculty and staff group from Geography, English, Biology and Milne Library, and two faculty collaborators from the Department of Music had active SUNY Innovative Instruction Technology Grant (IITG) awards. New IITG awards were made in 2015-16: two awards to faculty members from the Department of Geological Sciences (one, in collaboration with CIT, however, was declined due to departure of the PI); one award to Milne Library as part of a collaboration with four other SUNY institutions; and one to a faculty member of the Department of Music for the coming year. In addition, three new SUNY Expanded Investment and Performance Fund awards were made: one to the Department of Languages and Literatures for "Critical Language Consortium (CLC): Geneseo, Brockport, and MCC"; and two to the Provost's Office for "SUNY Geneseo Computational Analysis Cluster" and "Honors Transfer Path Program: SUNY Geneseo and Monroe Community College."

The Biology Department had a new award in collaboration with SUNY Brockport from the Livingston County Board of Supervisors.

The School of Education was very active in 2015-16. Three active awards through SUNY supported the Teacher and Leader Education Network, and continuing NY State Education award supported Geneseo's involvement in the James Monroe High School's School Improvement Grant and in scaffolding of the ELA and Math core curriculum. The Rochester Young Scholars Academy at Geneseo received new support from the Rochester City School District and the Farash Foundation (through the Greater Rochester Summer Learning Association, GRSLA). The Soaring Stars Program at SUNY Geneseo received new awards from United Way of Livingston County, Wegmans, the Feinbloom Supporting Foundation, Marie C. and Joseph C. Wilson Foundation, and the GRSLA.

The Department of Geological Sciences had a new award from Jet Propulsion Laboratory, in addition to the IITG award. Last year the department received a large NSF grant through the Scholarships in Science, Technology, Engineering, and Mathematics Program. This award is providing scholarships and academic and career support initiatives for academically talented students in the geology, geochemistry, and geophysics degree programs. In addition, research in the department was supported by two on-going NSF grants and an award from NASA for planetary geology.

A faculty member in the Department of Mathematics received continuing support from the Educational Advancement Foundation for years two and three of a project in collaboration with five other institutions of higher education.

In addition to the support from New York State, Milne Library received support from the Rochester Regional Library Council.

A noteworthy grant was awarded to a faculty member from the Departments of Music and English from the NSF to travel with scientists to the Antarctic to develop and disseminate music inspired by Ross Ice Sheet Wave-Induced Vibrations.

The Physics and Astronomy Department continued to secure funding for student support and research. It received continuing support through the NSF Robert Noyce Teacher Scholarship Program, the largest single grant award ever received by the College. The award is providing scholarships, a teaching field school, and internship experiences to pre-service physics teacher candidates. Faculty

members in the Department of Physics and Astronomy continued research and educational programs with on-going funding from the U.S. Department of Energy (through the Laboratory for Laser Energetics, University of Rochester), the Space Science Telescope Institute, and NASA (through Cornell University). Two faculty members secured a new NSF REU award for an “REU Site in Physics and Astronomy: Supporting Undergraduate Research at Geneseo (SURGE),” which will host students from Geneseo and other institutions of higher education in physics research at the College.

The Psychology Department had ongoing support from an AAC&U Bringing Theory to Practice award, and one faculty member has received two subawards from the University of Notre Dame.

A faculty member from the Department of Sociology received support from the Consortium for High Achievement and Success (CHAS) for a project to develop a department based and classed linked app to facilitate student academic engagement; and an untenured Department of Theatre & Dance faculty member was awarded a Woodrow Wilson National Fellowship to continue research and a video begun while in graduate school.

The Athletics Department had a continuing NCAA Division III Ethnic Minority and Women’s Internship grant award.

During 2015-16 we continued our relationship with McAllister and Quinn whose staff members worked with us on the Inclusive Excellence pre-proposal to the Howard Hughes Medical Institute, NSF Major Research Instrumentation proposals, and several sources of support for the Letchworth Park Educational Partnership. Work is continuing for an NSF Advancing Informal Science Learning proposal and we are planning to work together on the Ronald McNair Postbaccalaureate Achievement program, and Department of Justice Campus Grant to reduce violence in the near future.

Internal Funding: In collaboration with the Geneseo Foundation, the Research Foundation for SUNY, and the Offices of Accounting and Grants Management, the Research Council reviewed applications from faculty members and students that resulted in 412 individual awards with a total value of \$300,000. Total internal funding for our formal grant and fellowship programs, combined with other planned expenditures in support of research and scholarly activities, amounted to more than \$319,000.

GREAT Day: Geneseo’s tenth annual GREAT Day was a tremendous success with 938 students participating in 573 presentations, performances, and exhibits. Dr. Brother Guy Consolmagno, President of the Vatican Observatory Foundation, presented the eighth annual keynote address supported by the Jack ‘76 and Carol ‘76 Kramer Endowed Lectureship. “Why we do science,” explored why the U.S. government spends billions on science research, why the Vatican supports an astronomical observatory, and why individuals choose to spend their lives in pursuit of pure knowledge.

Thanks: We would like to thank our colleagues Betsy Colón and Traci Phillips in Grants Management, and Sue Crilly and Jeff Nordland in Accounting for their assistance in preparing this report, and for their excellent work in support of our mission during the year. We would also like to thank the members of the Research Council, members of the GREAT Day Faculty Advisory Council and Planning Committee, our GREAT Day Intern Gina Suriano, our colleagues Andrea Klein and Tammy Hill in Campus Scheduling and Events, and our many GREAT Day volunteers, all of whom contributed significantly to the success of our various activities this year. Special thanks to Keith Walters in College Advancement for his lovely cover photo.

RESEARCH DEVELOPMENT AND SUPPORT PROGRAMS 2015-16

The Research Council offers a wide range of programs to support research development and scholarly and creative activity.

Programs for Faculty Members

- **Presidential Summer Fellowships** provide untenured faculty with an opportunity to participate in scholarly activities and establish an ongoing research program. Up to six \$3,500 stipends are awarded annually from funds provided by the College.
- **Geneseo Foundation Summer Fellowships and the Roemer Summer Fellowship** support the research and creative projects of faculty who have been awarded tenure. These fellowships are intended to enable completion of a significant project or to embark in a new direction. The \$4,000 Geneseo Foundation Summer Fellowships are funded by the Geneseo Foundation, and the \$5,000 Roemer award is supported by an endowment gift to the Geneseo Foundation from the late Dr. Spencer Roemer.
- **CIEE International Faculty Development Seminar Award** supports the participation of one member of our faculty in a summer seminar of their choosing as offered annually by the Council on International Educational Exchange. The award provides \$5,000 towards the seminar fee and other related expenses. Funded by the Geneseo Foundation.
- **Proposal Writing Support Awards** provide full-time faculty members with time and other forms of support to write major proposals for submission to external funding agencies. Faculty members may request support for the writing of either: 1) new proposals, or 2) significant revisions of previously submitted proposals. Support will be considered for major proposals in all academic fields and for a variety of initiatives (e.g. fellowships, research grants, or educational grants). The maximum award is \$3,750, one course release, or \$2,500 for summer salary. Funded by the Geneseo Foundation.
- **Research Development Awards** provide support for a wide variety of needs associated with developing research and scholarly projects. Maximum award is \$1,000 or one course release. Funded by the College.
- **Indirect Cost Return Awards** return part of the indirect costs to the project director for research expenses not covered by budgeted costs. Funded by the College.
- **Incentive Grants** are intended to encourage and support faculty initiatives in research and to fund pilot studies, completion of manuscripts, data analyses, bibliographic or archival searches, and creative work. Travel to archives, libraries, and laboratories is also supported. Awards are limited to \$1,000, but faculty may request an additional \$500 to support the cost of involving a student in the proposed project. Funded by the Geneseo Foundation.
- **Faculty Travel Grants** are made to participants in professional meetings. Maximum annual awards are \$800 for travel within the U.S. (excluding Hawaii) and Canada, and \$1,000 for travel to Hawaii or outside the U.S. and Canada. Funded by the Geneseo Foundation.

- **Page Charge** allocations cover the costs of faculty publications in journals with mandatory page charges. Funded by the College.
- The **Hurrell/McNaron Award for Scholarly Presentation** provides a \$1,000 award to an untenured faculty member in support of an outstanding paper delivered at a major conference in the discipline. Funded through the Geneseo Foundation by an anonymous donor.

Programs for Students

- **Undergraduate Research and Travel Grants** support student research and conference participation in conjunction with a faculty member. Maximum awards are \$600 per student per semester or \$1,500 per group per semester. Funded by the Student Association and the Geneseo Foundation.
- **Graduate Student Research and Travel Grants** support graduate student research and conference participation in conjunction with a faculty member. Maximum awards are \$600 per student per semester. Funded by the College.
- **The Dr. Wendell and Barbara Rhodes Research Award** supports undergraduate student research or field study. Preference is given to scholarly research combining a natural science and a social science such as biology/sociology or geology/anthropology. The awardee is chosen from among successful Geneseo Foundation Undergraduate Summer Research Fellowship and Geneseo Foundation Research Assistantship applicants. The maximum award is \$600. Funded through the Geneseo Foundation by an endowment established by Dr. Wendell and Barbara Rhodes.
- **Dean Johnston and Geneseo Foundation Student Research Assistantships** provide faculty members with paid research assistants for their scholarly projects. Undergraduate students receive a stipend of \$1,000. Funded through an endowment established by CPAC, Inc.
- **Undergraduate Summer Fellowships** provide a \$3,000 stipend for students to undertake a research or creative project under the direction of a faculty member. Students must devote two consecutive summer months to their project. Funded by Follett Higher Education Group and the Geneseo Foundation.
- **Jason and Diana Kyrwood '95 Student/Faculty Research Endowed Fellowship in Honor of Ellen Kintz** provides \$2,500 plus an additional \$500 (\$3,00 total) for a stipend for an undergraduate student to work with a faculty member in the social sciences on an existing research project. Recipients must devote two consecutive summer months to the project. Funded through the Geneseo Foundation by an endowment established by Jason and Diana Kyrwood in honor of emerita faculty member Ellen Kintz.

Complete guidelines, application forms and additional information on Geneseo's internal funding programs can be found on the Office of Sponsored Research web site:

Tenth Annual Geneseo Recognizing Excellence, Achievement and Talent GREAT Day Tuesday, April 19, 2016

Geneseo Recognizing Excellence, Achievement & Talent Day is a college-wide symposium celebrating the creative and scholarly endeavors of our students. In addition to recognizing the achievements of our students, the purpose of GREAT Day is to help foster academic excellence, encourage professional development, and build connections within the community. This year 938 students submitted presentations for GREAT Day.

Celebrating the 10th GREAT Day

Ten Year Sponsors and Contributors

25 Faculty and staff were presented with a 10-Year pin for their engagement in all ten GREAT Days.

Commemorative Pins were well received

Keynote speaker Brother Guy Consolmagno, President of the Vatican Observatory Foundation

The Seuss Spruce was even decorated for the occasion.

/gə'rilə/
Poetry and art was displayed throughout Sturges Quad

New banners adorned academic buildings heralding GREAT Day

2016 Highlights

- 938 Students and over 160 faculty participated in presentations
- Presentations: 219 Posters — 247 Paper/ Creative Works — 79 Artwork Exhibits — 28 Performances
- 53 Posters and 37 papers were also presented at professional conferences
- All academic departments and schools were represented
