Dear SUNY Geneseo community,

The University Police continue to make progress regarding the investigation into the handgun found on campus on October 5. While we are not able to discuss details of the investigation, we remain confident that there was, and is, no credible threat to the community.

We appreciate that after we sent out the original community safety notice, several community members came forward with helpful information. We continue to ask that anyone with information about the incident contact us at police@geneseo.edu or 585-245-5651.

Sincerely,

Christopher Prusak
Chief of Police
