Topic: What, if anything, makes humans different than animals (non-biologically)?
What, if anything, makes humans different than artificial intelligence?
What is the long-term destiny of humanity?
Is there a free will, or only an illusion of choice?
Is there such a thing as evil? Or is all morality relative?
What is the meaning of life?
Is humanity basically good or evil?
For what purpose does humanity exist?

You are allowed to write in first person.
